September 4, 2015

Dear fellow construction professionals,

Please be informed that the University of California Riverside, Department of Architects & Engineers will host an information conference regarding the eagerly-anticipated $100 million Multidisciplinary Research Building 1 (MRB1) project. Please join us on Friday September 18 from 9:00 to 11:00 a.m., at 1223 University Avenue, Building E, Riverside.

At this gathering, you will learn about the prequalification process for design-build teams, meet key UCR team members and discover the campus’s vision for MRB1 as an essential element of UCR 2020, the campus’s bold initiative to achieve research preeminence.

In order to ensure adequate accommodation, we request your confirmation of attendance RSVP via e-mail to Carmen Long at carmen.long@ucr.edu before September 16. The enclosed map will guide you to the meeting site at University Village. Ample parking will be available, but please allow adequate time to park.

Questions? Contact Carmen Long via email or telephone at 951-827-4064. We look forward to greeting you on September 18!

Best regards,

[Signature]

Rob Gayle AIA
Associate Vice Chancellor/Campus Architect
